GOVERNANCE INTEROPERABILITY QUICK ASSESSMENT TOOLKIT V1.0.0

Release Notes

Release Date:	09/07/2021
Doc. Version:	1.00

INTRODUCTION

Purpose of this document

This document contains the description of the release version 1.0.0 of the Governance Interoperability Quick Assessment Toolkit (GIQAT).

Release date

This version of the GIQAT has been released on the 9th of July 2021 in Joinup.

RELEASE COMPONENTS

GIQAT v1.0.0 EU Survey

The Governance Interoperability Quick Assessment tool supports a short and comprehensive questionnaire to collect information on the solution from the solution owner, in order to automatically calculate its maturity from the Interoperability Governance perspective.

The online assessment tool includes two key aspects: Collaboration Control and Collaboration Assurance, with closed answers, and implements the defined Governance Interoperability Scoring Model. The tool is implemented in EU survey in order to be easily used by any solution owner.

Version	Implemented functionalities

v1.0.0.	▪ The **GIQAT** is a new tool covering the **governance aspects of Interoperability**
	▪ The **GIQAT** questionnaire has been divided into two key sections "**Collaboration Control**" and "**Collaboration Assurance**":
	    o The **Collaboration Control** section aims at evaluating to what extent **open standards** are in place to **enable the collaboration control** of a digital public service with another digital public service.
	    o The **Collaboration Assurance** section aims at evaluating to what extent that **open standards** are in place to **enable the collaboration assurance** of a digital public service with another digital public service.
	▪ The GIQAT has been implemented in the EU Survey platform
