OTHER PROVISIONS

DEPARTMENT OF THE INTERIOR, JUSTICE AND PUBLIC ADMINISTRATION

4414

ORDER of 25 September 2012, of the Basque Government Minister for the Interior, Justice and Public Administration, approving the openness and reuse of computer applications policy of the public administration of the Basque Autonomous Community.

Decree 159/2012, of 24 July, regulates the openness and reuse of computer applications of the public administration of the Basque Autonomous Community. In general, Article Four of the Decree covers the establishing and purpose of the Open Source Computer Application Directory, which is henceforth to be known as the Open Apps directory, and it is therefore necessary to specify how to structure the information to be hosted and published in said Directory in order to ensure that the information is uniform for all the entities included in its sphere of application.

Therefore,

I RULE:

One.- To approve the openness and re-use of computer applications policy of the Public Administration of the Basque Autonomous Community that establishes how to structure the information to be published in the Open Source Application Directory, which is created pursuant to Article Four of the aforementioned Decree, in order to ensure that the information is uniform for all the entities included in its sphere of application.

Two.- To publish the document in full of the aforementioned openness and re-use of computer applications policy at the electronic office of the Basque Government, <https://euskadi.net>.

FINAL PROVISION

The openness and re-use of computer applications policy of the Public Administration of the Basque Government shall come into force on the day following the publication of this Order in the Official Gazette of the Basque Country.

In Vitoria-Gasteiz, on 25 September 2012.

The Basque Government Minister for the Interior, Justice and Public Administration, IDOIA MENDIA CUEVA.
