

Use of Internet with Public authorities

eGov State of Play indicators

eGov services to business and citizens

Online application OIKADE:
It allows Cypriot citizens to register their travel details when they plan to travel abroad (for business, pleasure, medical purposes or study). Launched in 2017.

Instalments Payment System:
A module on TAX Intranet system, developed to comply with a law approved by the Cyprus Parliament in January 2017.

Strategy & Legal frameworks

- NIF updated and more aligned with the EIF
- Strategy for a Better Internet for Children
- National Strategy Against Corruption
- Memorandum of Understanding with the Cyprus Legal Information Institute (CYLII)

Actors

- As from 1 January 2018, the submission of applications for job vacancies in the Public Sector is available through the web site of the Cyprus Public Service Commission or via Ariadne portal.

Infrastructure

"e-Delivery in Cyprus":

This project (eIDAS compliant) was officially launched in partnership with the private sector.

Digitalisation Platform for Grant schemes:

This development, targeting enterprises, is promoted by the Ministry of Energy, Commerce, Industry and Tourism.

Check out the **NIFO collection** on **Joinup** for more details.

NIFO is a project service provided by the European Commission's ISA² programme. It delivers solutions for European public administrations, citizens and businesses. It assists EU countries in monitoring the take up of eGovernment and interoperability.
