

Use of Internet with Public authorities

eGov State of Play indicators

eGov services to business and citizens

Consolidation of the 'New-born Baby - Family Doctor and Electronic Health Tracking' project, which digitise the communication of administrative and clinical data.

Dissemination of the Digital Mobile Key authentication throughout the Public Administration webportals, including the development and provision of a dedicated app for smartphones.

Automatic Tax Declarations: It provides citizens with an income declaration pre-filled by the Tax Authority.

Strategy & Legal frameworks

- Adoption of the ICT2020 Strategy (07/2017)
- Adoption of eSignature Law (10/2017)

Actors

- The Minister of the Presidency and of Administrative Modernisation, Maria Manuel Leitão Marques, and the Secretary of State Assistant and of Administrative Modernization, Graça Fonseca, spearhead flagship initiatives in the area of administrative modernization and digital transformation of public services.

Infrastructure

2017 saw a great increase in the dissemination of electronic authentication throughout the Public Administration web portals, either by using the Citizen Card or the Digital Mobile Key.

Check out the **NIFO collection** on **Joinup** for more details.

NIFO is a project service provided by the European Commission's ISA² programme. It delivers solutions for European public administrations, citizens and businesses. It assists EU countries in monitoring the take up of eGovernment and interoperability.
