Digital Public Administration infographic 2022
Lithuania

**Highlights**

**Political Communications**

In 2021, the main digitisation document, the State Digitisation Development Programme for 2021–2030, was approved.

**Legislation**

The amendment to the Law on Electronic Communications was introduced and it ensures the right of users to public electronic communications services from 2023 with devices with integrated subscriber identification modules (eSIM).

**Governance**

In 2021, GovTech Lab continued to make an impact by working with around 50 challenges, organising 20 events that were attended by over 2,5 thousand ecosystem members, consulting 30 startups and companies.

**Infrastructure**

A new generation Internet access infrastructure is being developed in white areas, where the market cannot ensure the development of this infrastructure. This project, with a total value of 49.5 million euros, is planned to be implemented in 2022.
