

Onboarding Presentation

ELISE Knowledge Transfer | GeoSwap Game

This study was carried out for the European Commission by Deloitte.

Welcome to the GeoSwap Game!

Here you'll find all that you need to know to play the ELISE game.

Game Goal

What can you expect from playing the GeoSwap Game?

- You will learn a lot of new concepts about the geospatial domain in a fun and engaging way.
- You will play and experiment with geospatial concepts in a way that can benefit your work in the future.
- You will collaborate with your fellow colleagues throughout the game and improve your communication skills about technical and complex subjects.

Playing the Game

What conditions do you ensure to play the game?

- Find 6 players in your organisation that are interesting in knowing more about the geospatial domain.
- Print the necessary game materials by following the rules present in the Printing Manual within the Game Pack
- Find a quiet office space that you can use to play the game.

After that you are ready to play the GeoSwap Game!

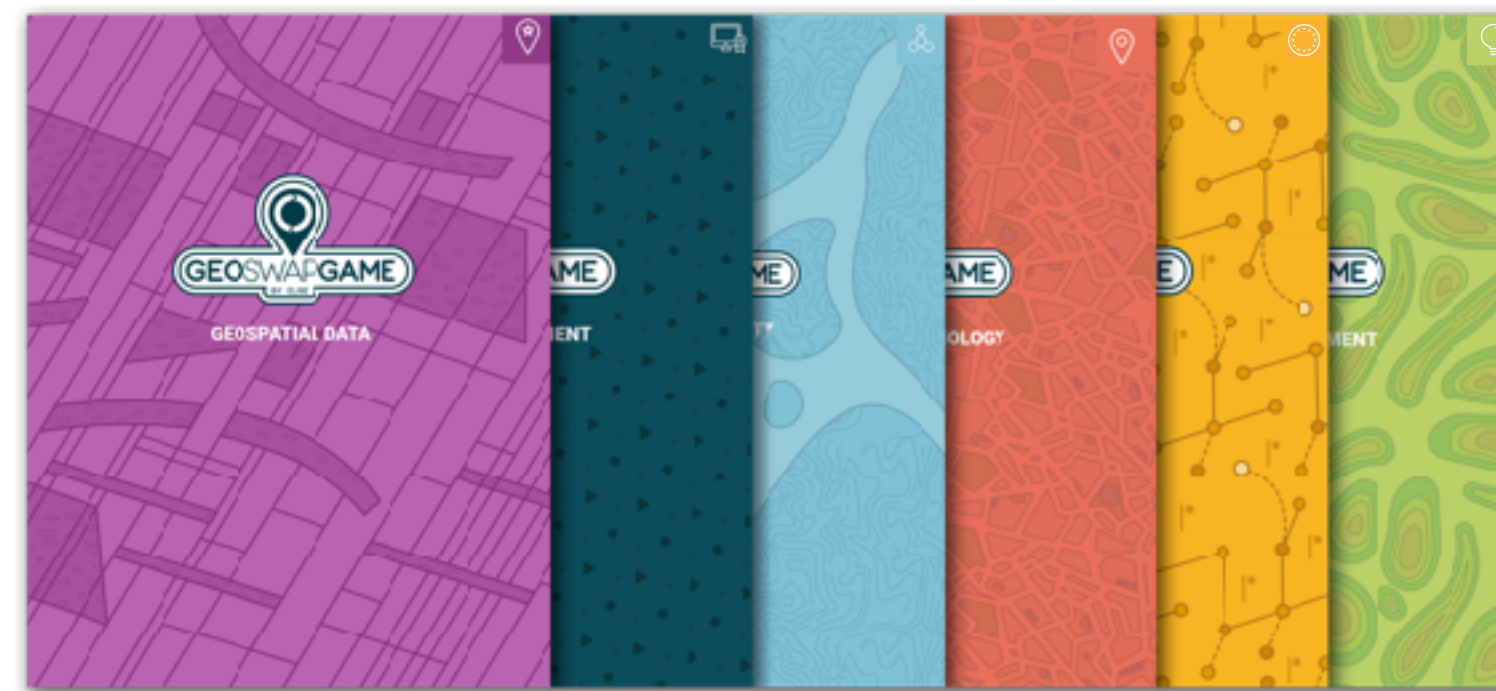

Game Materials

What materials are included in the game pack and what do you need to know about them?

- Game board

- Category booklets

- Insight cards

- Rulebook

- Feedback template

- Tokens

The game is divided in 3 phases.

In the next slides we'll show you how to play the game efficiently with your colleagues in order to make this an engaging and fun learning experience.

1. Setup Phase

2. Game Phase

3. Debrief Phase

1. Setup Phase

Prepare to play the game and get everyone on board.

In the first phase of the game you should...

Read the rulebook of the game and assign the players across the 6 categories of the game.

In the first phase of the game you should...

Place the tokens in each player's category

The central image shows the 'GEOSWAPGAME' board. On the left, there is a 'GAMEPLAY' section with five numbered steps and an 'INSIGHT CARDS' section with a wavy pattern. The board is divided into six categories, each with a 2x3 grid of white circles for tokens:

- GEOSPATIAL TECHNOLOGY** (Red background)
- INTEROPERABILITY** (Blue background)
- EUROPEAN POLICY** (Yellow background)
- INNOVATIVE SOLUTIONS** (Green background)
- DIGITAL GOVERNMENT** (Dark Blue background)
- GEOSPATIAL DATA** (Purple background)

Surrounding the board are six circular icons connected by dashed lines:

- Top-left: Red circle with a white location pin icon.
- Middle-left: Orange circle with a white European Union flag icon.
- Bottom-left: Dark blue circle with a white computer monitor and gear icon.
- Top-right: Teal circle with a white network of three nodes icon.
- Middle-right: Green circle with a white lightbulb icon.
- Bottom-right: Purple circle with a white location pin and star icon.

2. Game Phase

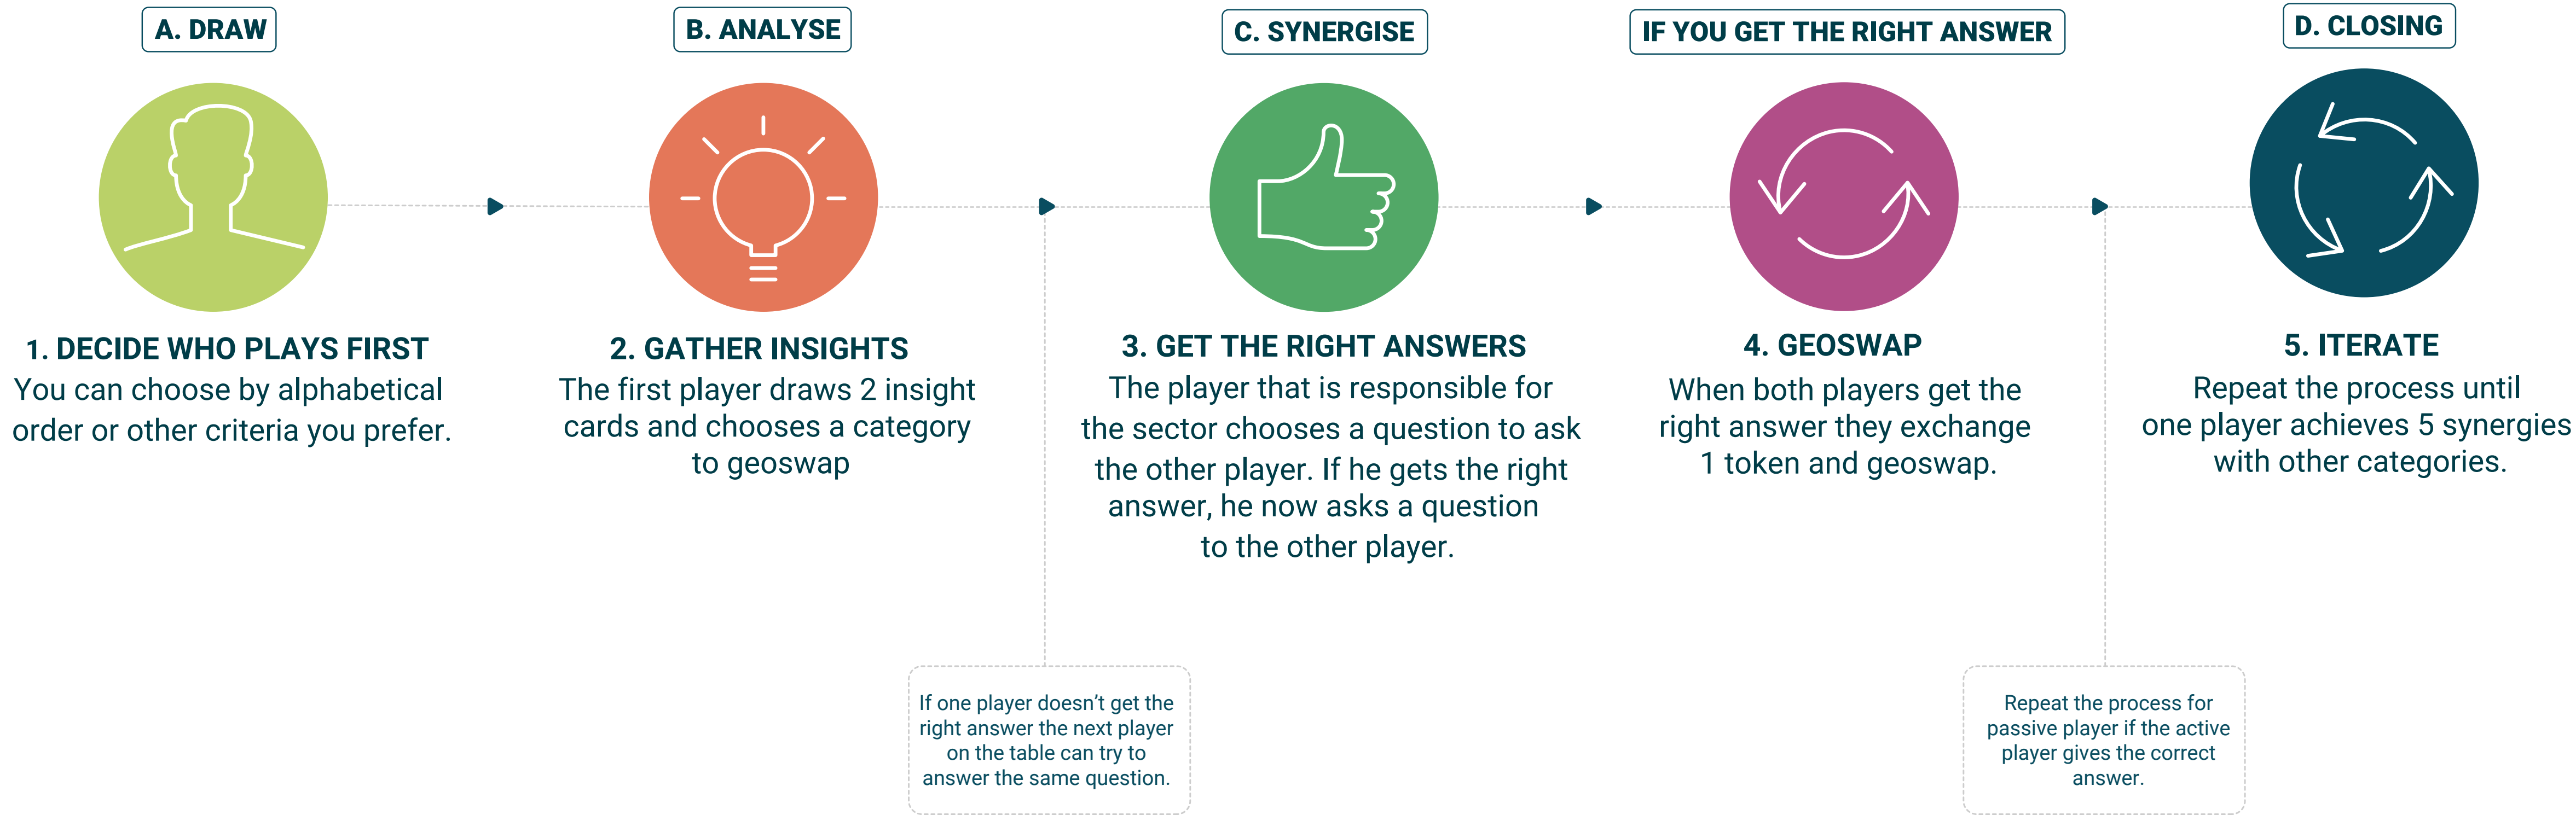

Engage with the geospatial domain together with your colleagues.

In the second phase of the game you should...

**Follow the step-by-step mechanics
until you find a winner.**

Step-by-step Mechanics

In order to play each round there are the following steps in each one.

If you have any questions during the game...

Be sure to consult the rulebook.

3. Debrief Phase

Reflect on the lessons learned and how to he newfound knowledge can impact your work.

Debrief Phase

Once the winner gathers 5 Tokens from other categories, all players may share their thoughts and identify the most relevant outcomes they got from the game. In the end, you can fill in the template and communicate to the game designers your input in about the game experience.

The image shows a feedback template for the GeoScape Game. It features a dark header with the game logo and the title 'FEEDBACK TEMPLATE'. Below the header, there are seven numbered questions with corresponding input fields. Question 3 includes a 10-point Likert scale with circles and numbers 1 through 10. Questions 4, 5, 6, and 7 have multiple horizontal lines for text entry.

FEEDBACK TEMPLATE

Name of organization: _____

1. How long did the game session lasted? _____

2. How many players were involved in the game session? _____

3. On a scale of zero to ten, how likely are you to recommend this game to a friend or colleague?

1 2 3 4 5 6 7 8 9 10

4. How would you describe the experience of playing the game?

5. What were the most important lessons you learned while playing the game?

6. Do you identify any particular areas of improvement in the game?

7. Do you have any other feedback you would like to leave to the JRC and the game developers?

Have fun!

While the game is designed to be a learning experience, this doesn't mean it has to be dull, so be sure to have fun and engage with your colleagues in ways to will create an engaging and fun experience :-)
