Liberté • Égalité • Fraternité
RÉPUBLIQUE FRANÇAISE

What can you do with OpenFisca?

Build simulators towards citizens

- Which taxes should I pay?
- Which benefit I am entitled to?

Measure the impacts of a reform

- What are the impacts on the population?
- What are the budgetary implications?

What we stand for

1. **To make legislation more transparent**

2. To objectify legislation preparation

3. To rationalise public expenses

Who uses OpenFisca?

Administrations

beta.gouv.fr etalab gouv.fr Sécurité sociale msa santé famille retraite services ASSEMBLÉE NATIONALE FRANCE STRATÉGIE — ÉVALUER. ANTICIPER. DÉBATTRE. PROPOSER.

Civil society

Private companies
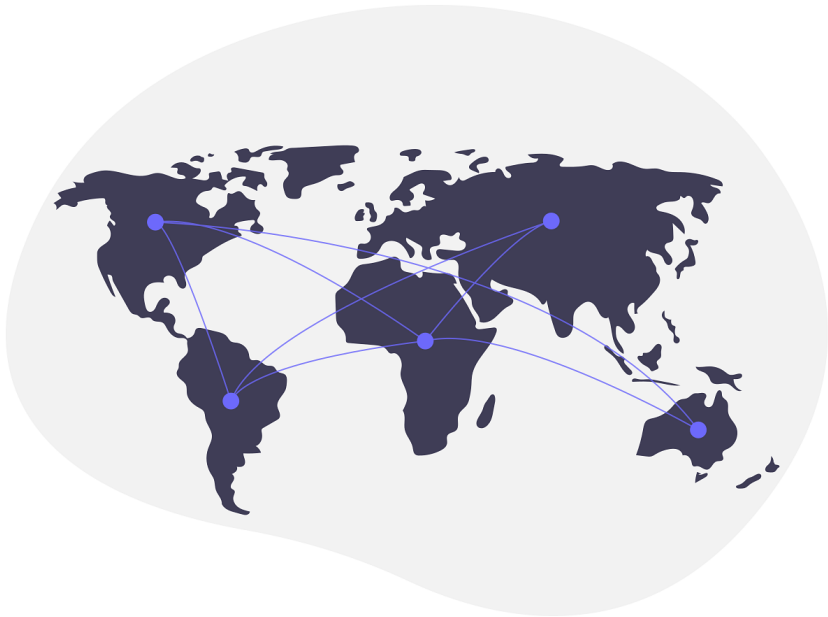

ipp Institut des Politiques Publiques idep

€! Manpower®

Why is it innovative?

Technicals innovations

- Same computations at the individual and the population level
- Performant and scalable computations
- Web API to develop web applications

Social and organizational innovations

- Anyone can use and contribute to OpenFisca
- A community rather than a software
- A born-global solution
